Greetings,

30 August 2017

On Sunday, October 15, 2017, the Vets4Warriors staff of service members, veterans, family members and caregivers will host their 1st 5K Run and Walk. This event is organized by the Vets4Warriors family, to benefit the men, women and families who have served in the Armed Forces of the United States. We are asking for your help in aiding our military and veteran communities in their time of need.

Vets4Warriors is a national 501c3 nonprofit housed at Rutgers University, with a mission to provide a 24/7 peer support network that any veteran, service member, caregiver or family member can contact for confidential conversations and trusted solutions to physical, mental, or financial challenges, before those challenges turn into crisis.

Vets4Warriors isn't a crisis or suicide hotline. We are a peer support network staffed by veterans of branches of the military. Our philosophy is that there are no challenges we can't help our veterans, military members, their families or their caregivers find the solution for. We provide a multi-touch and multi-channel service. Clients engage for more than one contact, and there is more than one way to reach us.

You can participate and support by running in the race, donating, sharing our cause or volunteering to help race operations. Whichever you decide, please choose to take action to support our military and veteran communities during our very first 5K Run and Walk.

The 5K run will take place on October 15, 2017. On behalf of the Vets4Warriors staff, we encourage you to consider supporting our organization and we will be delighted to see you there.

With Thanks and Appreciation,
The Vets4Warriors Team
