Dr. Frank Ranelli, Superintendent of Schools

Dear Parents/Guardians,

Piscataway Township Schools are now using Schoology, an integrated learning management solution that provides course management, mobile learning, and support for system-wide communication for grades 2-12.

Schoology enables our students, parents, and teachers to engage with learning materials and their school community from the classroom and beyond. With Schoology, students can digitally submit assignments, participate in interactive discussions, receive announcements and feedback, take tests, write academic blogs, and more.

We will be using Schoology in classrooms to enhance connectivity and communication. Your child has already received their login information in class. Assignments and handouts will be posted to Schoology, and students can check on their due dates by logging into the program.

As a parent, you will be able to view your child's activity within the platform. You will be given a parent access code for each child that uses Schoology in their school from your child's teacher.

Included in this correspondence are directions that will allow you to create a parent Schoology profile. We value your participation in your child's education, and we encourage you to read Schoology's Privacy Policy & Terms of Use at <https://www.schoology.com/privacy.php>.

Student progress and activity will be monitored by faculty to ensure a safe, secure, and controlled environment.

If you have questions or feedback regarding Schoology, please feel free to contact Mr. Irovando at cirovando@pway.org.

Sincerely,

C. Irovando
Supervisor of Instructional Technology
Piscataway Township School

3. Fill out the form with your information.
4. Click **Register** to complete.

When you use a Parent Access Code to create an account, you will be automatically associated with the student. To associate additional students to your account, click on the [Add Child](#) button in your Schoology account.

Note: If your children attend different schools that are not in the same district (or are not part of the same Schoology Enterprise account), you will see the following error message when you attempt to use the **Add Child** button to link your account to theirs:

You are now masquerading as parentofstudent86@gmail.com

Add Child [X]

We've noticed that your child belongs to another school. To complete the process, you must register for a new Schoology parent account within your child's school using the form below.

Child Code:

Parents must have an account at each of their children's schools. For example, if a parent has one child at a High School, and one child at a Middle School, the parent must have accounts at both schools, and use the [linking feature](#) to toggle between accounts. The feature allows each school to manage your parent account settings appropriately, and to communicate with you seamlessly.
